

# TREE OF LIFE PRESCHOOL

At Congregation Kol Shalom

AN OUTDOOR NATURE PLAYSPACE

Opening in the Fall of 2015 for Families and Friends in Annapolis

**Tree of Life's** work is to connect the 3, 4, and 5-year-old child to God. We shall do this by offering your child the opportunity to explore all of creation – through our nature playspace. Everything in nature is connected and dependent upon respecting one's own place while sharing our gifts with those around us. There is no better physical way to show young children how loved we are and how important we are by caring for such a treasure. Through prayers, language, songs, and lessons we will guide every child to engage their interest and wonder.
